

1771-WS

Allen Bradley PLC – PLC 5

Technical Specifications:

| | |
|-------------------------|-----------------------------------------------------------------------|
| Manufacturer | Rockwell Automation |
| Brand | Allen-Bradley |
| Part Number/Catalog No. | 1771-WS |
| Series | PLC 5 |
| Product Type | Weigh Scale Module |
| Input Power | 5 Volts DC |
| Backplane Current | 1.5 Amps |
| Compatible I/O Chassis | 1771-A1B, -A2B, -A3B, -A3B1, -A4B, 1771-AM1, -AM2 |
| Weight | 1.6 pounds |
| Operating Temperature | 0 to 60 degrees Celsius |
| Storage Temperature | -40 to 85 degrees Celsius |
| Common Mode Rejection | 100dB |
| Humidity | 0 to 90%, non-condensing |
| Software | Windows 95, 98, Millennium, NT, 2000; RSLogix and the RSLinx software |
