

# 1772-LWP

## Allen Bradley PLC – PLC 5

| Technical Specifications:     |                                          |
|-------------------------------|------------------------------------------|
| Manufacturer                  | Rockwell Automation                      |
| Brand                         | Allen-Bradley                            |
| Part Number/Catalog No.       | 1772-LWP                                 |
| Module Type                   | Mini Processor w/ Power Supply           |
| Volts                         | 120/240                                  |
| Amperes                       | 0.80/0.40                                |
| Hertz                         | 50/60                                    |
| Output                        | 4 Amperes at 5 Volts DC                  |
| Screw Torque                  | 7-9 lb*in                                |
| Typical Application           | 10-32 Volts DC, Digital                  |
| Weight                        | 0.3 lbs (0.1 kg)                         |
| Coating                       | Conformal Coat                           |
| Required External Power       | None                                     |
| Typical AC Signal Delay (Off) | 29 (+/- 8) ms                            |
| Typical DC Signal Delay (Off) | 30 (+/- 7) ms                            |
| Wiring Arm                    | 1771-WN                                  |
| Dimensions                    | 4.5 x 12.4 x 6.3 in (115 x 317 x 160 mm) |
