

# 1791-IOVX

## Allen Bradley PLC – 1791 Block I/O

### Technical Specifications:

|                              |                                     |
|------------------------------|-------------------------------------|
| Manufacturer                 | Rockwell Automation                 |
| Brand                        | Allen-Bradley                       |
| Part Number/Catalog No.      | 1791-IOVX                           |
| Voltage                      | 24V DC                              |
| Inputs per Block             | 64 Sourcing                         |
| Input On-state Voltage Range | 12-26.4V DC                         |
| Input On-state Current       | 1.56mA min.                         |
| Input Off-state Voltage      | 7V DC max.                          |
| Input Off-state Current      | 1mA DC max.                         |
| Outputs per Block            | 64 Sinking                          |
| Output Voltage Range         | 18-26.4V DC at 300mA resistive max. |
| External Power               | 18-26.4V DC                         |
| Dimensions                   | 6.15 x 13.0 x 1.72 in.              |
