

# 8520-3S5A-BAT-EX4-Y-5-7

## Allen Bradley Drives – 8520 CNC Controllers

### Technical Specifications:

|                            |                         |
|----------------------------|-------------------------|
| Manufacturer               | Rockwell Automation     |
| Brand                      | Allen-Bradley           |
| Part Number/Catalog No.    | 8520-3S5A-BAT-EX4-Y-5-7 |
| Product Type               | 3 Axis Servo Drive      |
| AC Input Voltage           | 380/460                 |
| AC Input Amps              | 15 max.                 |
| AC Input VRMS              | 24                      |
| Short Circuit Current Amps | 100,000 max.            |
| AC Input PH                | 3                       |
| AC Input Hz                | 50/60                   |
| DC Output KW               | 4/5                     |
| DC Output Voltage          | 530/680V                |
| DC Output Amps             | 7.5                     |
